

RPLAC Vision Committee Plan

Goal: RPLAC will continually assess the vision of where public libraries in Georgia should be now and where they wish to be in the future.

Objective: RPLAC will develop a vision of the services that public libraries in Georgia should provide and desire to be provide, to the citizens of Georgia as well as the way that the public library systems in Georgia can operate in the most efficient and effective manner.

Objective: The Committee will assess the current level of service that Georgia's public libraries offer to the public and how the library systems are currently operating.

Objective: RPLAC will identify the steps that need to be taken to achieve the vision of public libraries in Georgia with libraries providing the best possible service to the citizens of the State with maximum efficiency and effectiveness.
